MEMORANDUM FOR: Members, DCI/NIC CBW-Use Intelligence
Working Group

SUBJECT: July 7th Meeting, Follow-up Action Items (U)

1. We do not have a need to prepare and disseminate "minutes" of our meetings, but this and subsequent lists of pending actions will give us a record of who promised to do what, and when. (U)

2. Bob Mikulak, myself, Gary Crocker, and Sharon Watson will take the lead in drafting a paper discussing the scientific intelligence aspects of questions being raised by the loyal opposition and some Soviet utterances. A draft will be circulated to you in about two weeks. We will ask some of you to help answer some questions, but no written contributions are needed at this time. (C)

3. Gary Crocker will plan, scope, and ultimately manage with our contributions an "update" or some other vehicle responding to a need to continue analysing and reporting CW-use incidents. I would like you to give him comments, if any, either verbally or in writing no later than C.O.B. Friday, 16 July. He and I will be discussing his proposal the following week, and should be informing you of results soon after. (C)

4. Each "head" of a sub-group should give me an informal paper on how he/she plans to address handling the issues they are responsible for coordinating. Please give me an idea of whether there exists a need for formal tasking, need for additional members outside the working-group as now constituted (see attachment), and which working-group members wanted to help on the respective sub-groups. I would like these ideas by 23 July. (U)

5. A list of our membership and telephone numbers is attached. (U)
